AMERICAN AMATEUR MIXED MARTIAL ARTS, INC.
A 501c3 Non-Profit Sanctioning Body

Welcome to American Amateur Mixed Martial Arts. (Hereafter referred to as AAMMA.) I want to congratulate you for expressing an interest in becoming a student of amateur Boxing, Muay Thai Kickboxing, and Martial Arts or an AAMMA instructor or official. This publication was developed to educate and notify anyone of AAMMA's schools, instructors, officials, and student athletes of AAMMA's rules and regulations.

The primary purpose of AAMMA is to educate amateur student athletes, instructors and officials in the martial arts. We believe the art of self defense and competition in all martial arts leads to greater self discipline, self confidence, education, structure, work ethic, character and friendships. We hope to provide AAMMA martial arts schools and boxing academies with an affordable and accessible all-in-one educational and instructional amateur sanctioning organization.

Our mission is to provide a competent sanctioning organization, where all amateur student athletes can compete in the martial arts in the same event on the same day, in hopes of reducing the cost associated with different amateur sanctioning bodies. We are certain this will increase the number of amateur student athletes and their education in the field of martial arts. With character development and education as some of our goals, we offer a scholarship fund for all student athletes who compete with AAMMA and meet our educational criteria.

If you choose to compete or serve as an instructor or an official for AAMMA, you must follow the enclosed rules, regulations and instructional programs. AAMMA has developed the following educational programs and rules to maximize student athlete education and safety.

Sincerely,

Terry Haven

FOULING, STOPPING THE MATCH

1. If the referee determines that the fouled student athletes needs time to recover, he/ she may stop the match time and give the injured student athlete a reasonable amount of time to recover, up to a maximum of 5 minutes under normal circumstances. At the end of this reasonable rest period the referee and the ring physician will determine if the fouled student athlete can continue the match. If he/ she can, the match will continue.
2. The results of the foul will be based on the following determination by the referee:
 - If the referee determines that the foul was obviously committed by one of the student athletes, and that the fouled student athlete did not contribute to the injury, the referee can disqualify the offending student athlete and declare the fouled student athlete the winner.
 - If the referee determines that the injured student athlete was partly responsible for his/her own injury, the referee will not penalize the opposing student athlete in any manner. In this case, if the referee or ring physician

determines that the injured student athlete is unable to continue, he will lose by “referee stops match” (RSM).

- If the referee determines that there was no fault attributable to either student athlete, (that the injury was caused by both student athlete), the referee will allow the injured student athlete time to recover. If, at the end of the recovery period, the referee or the ring physician determines that the fouled student athlete cannot continue, the match will be called a “no decision”.

If an injury occurs due to a suspected foul that the referee was unable to see, a “blind foul”, the referee may at his sole and final discretion, confide with the AAMMA Chief Official to determine where the fault may be placed. He may consider any, all or none of the opinions expressed in making his determination. At his sole discretion, he may ask the judges for their opinion before rendering his decision. A referee’s decision on fouls may be overruled at ringside only by the AAMMA Chief Official, and then, only in the instance of a clear error of misapplication of the rules.

- Either the student athlete, the instructor, the referee, the doctor or the AAMMA Chief Official may stop the match.
- The instructor, the referee, the doctor or the AAMMA Chief Official shall have the power to stop a match at any stage, if he/she considers that either student athlete is in such condition that to continue may subject him/her to serious injury.
- A student athlete’s instructor can stop the match by notifying the AAMMA Chief Official.
- There is not a standing 8 count in a Modified Martial Arts match. If the referee feels that a standing 8 count could be given for a student athlete who is not defending themselves or the student athlete appears momentarily dazed or concussed, the match must be stopped and the opposing student athlete will be awarded the match.

MOUTHPIECES

1. No student athlete will be allowed to begin any match without a mouthpiece.
2. If a student athlete's mouthpiece is knocked out for any reason, the referee shall immediately call time out and stop the match. The student athletes will remain in the same position as when the mouthpiece fell out. The referee will take the mouthpiece to the closest instructor to be washed out. The mouthpiece shall be placed back in the student athlete's mouth and the match will continue.
3. Willful dropping or spitting out of the mouthpiece by a student athlete shall be deemed as a 'delay of match' foul and the student athlete will be penalized accordingly by the referee.
